

# Protect Your Employees and Your Organization

Safely and confidently ease your team back to the workplace with digital screening and telephonic nurse guidance for COVID-19 symptoms and exposures, ensuring you maintain a healthy work environment while protecting not only your employee's, but also your organization.

## Easy to Register

Send a unique link or QR code to your workforce for quick, one-time registration!

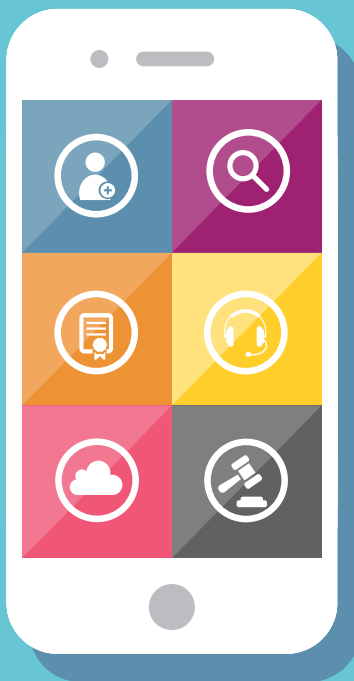

## CDC Compliant

The screening process is continuously and automatically updated based on CDC guidelines, taking out the guess-work.

## Virtual Screening

Employees will complete a virtual questionnaire based on the frequency you choose and receive instant results.

## Automated Visibility

Receive immediate notifications by email for instant visibility into employee screening results.

## Optional RN Access

Give employees exhibiting COVID-19 related symptoms the access to speak with an expert triage nurse virtually.

## Increased Safety

Increase employee comfort and safety in the workplace while protecting your company from exposure to litigation.

## Result Stages

Cleared- Return to Work  
Further Evaluation Needed  
High Risk- Stay Home

## You Control

Evaluation Frequency
